

**ARRIVAL AND PARKING** Buses and vehicles should find a parking location before unloading students. The primary bus parking location is the lot behind the Center. Secondary parking locations are along Washington Street as marked on the map. Other vehicles may park in the parking ramp for a fee or find parking in metered spaces along the street. After parking, unload your students and walk to the Center. Handicap buses may use the valet parking pull-in on Division Street to drop off students but may not park there.
